

UCSC Boats – Instructions for Shore Contact

BEFORE the vessel leaves:

1. Have record of the vessel roster; number and names of individuals onboard
2. Know the team's operational plan; name of vessel (see chart below), location and objectives for the day
3. Get cell phone numbers for the vessel Operator-In-Charge and at least 1 additional person on the boat
4. Arrange a specific time that the vessel Operator-In-Charge will call you

*** a good way to have a record of this information is have the Operator-In-Charge text or email you a photo of the completed Boat Activity Log (float plan) prior to departure (see attached)**

What to do if the Operator has not contacted you by the designated time:

1. Call the operator and vessel team (leaving voice mail and text messages)
2. Wait 10 minutes and try again (leaving voice mail and text messages)
3. Call these people to develop a response plan

Dave Benet: 831-229-8334 (leave message if no answer)

Steve Clabuesch: 831-206-3332 (leave message if no answer)

Specific Research Group Supervisor: _____ (leave message)

4 - If no one is available, call USCG-Sector San Francisco: **415-399-3300**
